INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Beneficent Technology, Inc., a California nonprofit public benefit corporation, which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Beneficent Technology, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The accompanying schedule of expenditures of federal awards on page 22 is presented for purposes of additional analysis, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the consolidated financial statements as a whole.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued a report dated May 18, 2021 on our consideration of Beneficent Technology, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Beneficent Technology, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Beneficent Technology, Inc.'s internal control over financial reporting and compliance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

Beneficent Technology, Inc. (doing business as “Benetech®”) was incorporated as a nonprofit corporation to develop technology projects, products and services to benefit humanity worldwide.

Beneficent Technology, Inc. has a for-profit subsidiary, Bengineering, Inc. which has been involved in providing engineering consulting services. Bengineering, Inc.’s assets, liabilities, revenues and expenses have been consolidated in the financial statements. Bengineering, Inc. did not have any significant activity in 2020 or 2019. Both Beneficent Technology, Inc. and its for-profit subsidiary, Bengineering, Inc. (collectively, the “Organization”), operated under the Benetech dba and brand name.

The Organization acts as innovators and operators of technology-oriented nonprofit projects. The Organization is involved in the following projects:

Global Literacy and Education

Benetech’s Global Literacy and Education work strives to make literacy available to everyone. This is done through three initiatives:

- Bookshare, the world’s largest accessible online library;
- The DIAGRAM center, addressing challenges beyond text; and
- Born Accessible, driving systemic change in the publishing industry and education procurement process.

Bookshare®: Bookshare is the world’s largest online library of books and newspapers accessible to people who read and learn differently: they have a “print disability,” including blindness, low vision, a mobility impairment or a learning disability that affects their ability to read printed material. Operating under an exemption in US copyright law and with the permission of over 900 publishers, Bookshare has delivered over 15,000,000 copies of books around the world. Millions of people that meet the stringent copyright law exemption qualification requirements can have access to freely distributable material and copyrighted books for which Bookshare has distribution permission. The books and publications can be read within a variety of formats, including braille, synthetic speech or human-narrated audio, text synchronized with audio, Microsoft Word, and ebook. Bookshare materials are available on iOS and Android phones and tablets, Mac OS and Windows computers, Chromebooks, MP3 players, and on specialty reading devices. Bookshare was launched in February 2002 and has over 750,000 eligible members as of March 31, 2020 in the US and over 80 other countries. Through the active participation of hundreds of volunteers, partners, universities and over 900 publishers around the world, Bookshare provides people with print disabilities instant access to more than 800,000 books spanning 33 languages, and 150 daily newspapers, in ways that work for them.

DIAGRAM Center: A complementary initiative to Bookshare, the Digital Image and Graphic Resources for Accessible Materials (DIAGRAM) Center is dedicated to revolutionizing how students with disabilities access educational content, especially science, technology, engineering, and math (STEM) materials. Since 2016, DIAGRAM has expanded its work by growing its community of cross-sector experts in assistive technology, education for students with disabilities, and publishing of educational content. Its work includes developing and implementing technical standards, providing research and training on best practices (like the development of guidelines for writing and exposing of long descriptions of images in books), and building tools (such as a repository of accessible, multi-modal image content). DIAGRAM continues its strong emphasis on STEM, including developing tools for improving the interaction of students and teachers with mathematical expressions, and hosting an event for developers to spend a day coding software together to address math challenges. DIAGRAM also continues to provide critical support for a Born Accessible ecosystem.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Born Accessible: The Born Accessible initiative is driving systemic change in the publishing industry by helping publishers create accessible books from the start. This is where the next equilibrium change will be seen – when companies begin to publish books in an accessible fashion, anyone with a disability will be able to access them in the same way as their peers, without having to look for a remediated copy. To achieve that goal, Benetech has implemented the industry’s first third party global certification program for accessible books. This program will enable publishers to produce and promote certified accessible books, and will allow purchasers of educational books to quickly identify and purchase accessible titles. The Born Accessible team works with publishers to evaluate their titles and provide recommendations on how to modify each title, and the production process, to produce appropriately formatted content. Benetech works with educational institutions to help them understand what to look for in the procurement process, and with teachers to help them produce accessible content in the classroom. Finally, in conjunction with Benetech’s partners, reading systems are evaluated to ensure that accessible content can be displayed properly. When content is created in an accessible format, reliance on retrofitting books for people to read can be reduced, and there is assurance that publishers around the world are creating content that is Born Accessible. Multiple publishers and other ecosystem partners have now achieved Global Certified Accessible (GCA) certification.

Human Rights Program

Benetech's Human Rights Program (HRP) advances the global human rights movement by providing and supporting effective, secure, and open information management, training, and data collection technology for rights defenders, fieldworkers, researchers, and journalists. The HRP supports, protects, and amplifies the efforts of human rights defenders with strategic technology interventions. The program is a multidirectional bridge between Silicon Valley and human rights communities: Benetech connects defenders of human rights to leading technology companies and decision-makers, and also helps bring needed technology to challenging environments and grassroots organizations.

The HRP is currently working on projects related to improving the process of collecting, protecting, processing and organizing video from active conflict areas, as well as building interactive experiences to improve human rights monitoring and security trainings, and assessments. The HRP is also investigating other needs among human rights organizations. In addition to building open source software that has not been met by the commercial technology market, the HRP fills a vital “systems change” role for human rights defenders, including both grassroots and large-scale international and intergovernmental human rights organizations, on data-related human rights technology initiatives.

Tech Matters

Benetech concluded its first fiscal sponsorship agreement during 2018 with Jim Fruchterman, Benetech’s founder and former CEO, to launch Tech Matters, a new technology for good social enterprise, which launched as of January 1, 2019. Tech Matters is a nonprofit provider of technology services and solutions to maximize impact, not profit. It applies the Benetech model to more social problems, where the opportunity exists to use technology to help drive large scale positive social change. During 2019, the Tech Matters project commenced a software development project to create a shared open source contact center platform in partnership with the global child helpline movement. Tech Matters also began interview of potential users for a planned digital landscape action platform, aimed at local leaders working to create more sustainable economies at the local, regional and/or ecosystem levels. Its third project was advising impact in investors on technology that would help reduce forced labor and unethical labor practices in the global supply chain.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Benetech Labs

Benetech Labs (Labs) creates new scalable technology enterprises for social impact. In partnership with communities of field leaders and stakeholders, technologists, and social entrepreneurs, Labs is where the Benetech team experiments and prototypes high-impact technology solutions that change lives. Some examples of additional projects include:

Benetech Service Net: The Benetech Service Net platform makes it easier to share and maintain information on local services for people that need them the most. These critical services can include food, shelter, healthcare, job training, child care, legal, and family support services. This data exchange solution enables resource data to be shared in real-time across service providers. By successfully coordinating data among multiple stakeholders, Service Net can generate tools and practices that yield transformative change for communities that need these services.

Benetech Mathshare: Benetech developed an accessible internet-based math editor that will enable all students to work through math problems, recording and showing their math work as they solve problems. Ultimately, Benetech's platform will offer many input and output modes, addressing a large range of students' needs (supporting math manipulations done by typing, handwriting, or speaking math, as well as math outputs rendered via visual display, speech, and braille). This tool can also provide teachers unprecedented access to view how students actually solve math equations and where they make mistakes, which is not available in most online learning environments. By basing Benetech's open source tool on web technologies, Benetech is making progress integrating it with popular online learning platforms already in use for teaching. A web-based system will also increase the potential for students to have access to the technology at home on their own devices, so they can work outside the classroom in the same virtual environment.

Beneficent Technology, Inc. is vulnerable to the inherent risks associated with revenue that is substantially dependent on government funding, public support, and contributions. The continued growth and well-being of Beneficent Technology, Inc. is contingent upon successful achievement of its long-term revenue-raising goals.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of Beneficent Technology, Inc. and its wholly owned corporation, Bengineering, Inc. Management determined that combining Beneficent Technology, Inc. and Bengineering, Inc. provides a more meaningful presentation of the commonly-controlled and financially-dependent companies. All significant intercompany transactions and balances have been eliminated in consolidation.

Accounting Method

The financial statements of the Organizations have been prepared on the accrual basis of accounting, which recognizes income in the period earned and expenses when incurred, regardless of the timing of payments.

Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to two classes of net assets, as applicable: net assets without donor restrictions and net assets with donor restrictions.

- Net assets without donor restrictions include those assets over which the Board of Directors has discretionary control in carrying out the operations of the Organization. The Organization has elected to report as an increase in net assets without donor restrictions any restricted revenue received in the current period whose restrictions have been met in the current period.
- Net assets with donor restrictions include those assets subject to donor restrictions and for which the applicable restrictions were not met as of the end of the current reporting period. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. When a donor restriction expires – that is, when a stipulated time restrictions ends or purpose restriction is accomplished – net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as *net assets released from restrictions*. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates the resources be maintained in perpetuity. The Organization has no net assets with non-expiring donor restrictions as of December 31, 2020 and 2019.

Revenue Recognition

Contributions are recognized as revenue when they are unconditionally communicated. Grants represent contributions if resource providers receive no value in exchange for the assets transferred. Contributions are recognized when the donor makes a promise to give; that is, in substance, an unconditional promise. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Consequently, at December 31, 2020 and 2019, contributions of approximately \$17,100,000 and \$27,300,000, were not recognized in the accompanying consolidated statement of activities because the condition on which they depend has not yet been met. Contributions are recorded at their fair value as support without donor restrictions or support with donor restrictions, depending on the absence or existence of donor-imposed restrictions as applicable. Contributions with donor restrictions are reported as an increase in support without donor restrictions if the restrictions have been met in the current period. If the restrictions have not been met by year end, the amount is reported as an increase in support with donor restrictions. When the restriction is met, the amount is shown as a reclassification of support with donor restrictions to support without donor restrictions and reported in the consolidated statements of activities as *net assets released from restrictions*.

A portion of Benetech's contribution revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when Benetech has incurred expenditures in compliance with specific contract or grant provision. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the consolidated statement of financial position. Benetech received cost-reimbursable grants of \$-0- and \$54,840 that have not been recognized at December 31, 2020 and 2019 because qualifying expenditures have not yet been incurred, and is included in deferred revenue in the accompanying consolidated statements of financial position.

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Contributions of donated, non-cash assets are recognized and recorded at their fair values in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. During the years ended December 31, 2020 and 2019, these products, supplies, legal consulting services and advertising costs in the amount of \$423,766 and \$350,278, respectively, were recorded as both revenue and expense in the consolidated statements of activities. The Organization also received a significant amount of donated services from unpaid volunteers who assisted in fund-raising and other programs of the Organization. These amounts were not recognized in the consolidated statements of activities because the criteria for recognition were not satisfied. The Organization estimates such amounts to be approximately \$184,600 and \$190,500 in 2020 and 2019, respectively.

Revenue from program services is recognized upon performance of the applicable services over time. Subscription revenue from Bookshare is recognized over the life of the subscription. Unearned subscription revenue is recorded as a liability on the consolidated statements of financial position. Revenue from interest is recorded when earned.

Cash, Cash Equivalents and Restricted Cash

Cash is defined as cash in demand deposit accounts as well as cash on hand. The Organization occasionally maintains cash on deposit at a bank in excess of the Federal Deposit Insurance Corporation limit. The uninsured cash balance was approximately \$2,972,000 as of December 31, 2020. The Organization has not experienced any losses in such accounts.

Cash equivalents are highly liquid investments that are readily convertible to known amounts of cash. Generally, only investments with original maturities of three months or less qualify as cash equivalents.

Contributions Receivable

Unconditional promises to give are recorded as receivables and revenue when received. The Organization distinguishes between contributions received for each net asset category in accordance with donor-imposed restrictions. Bad debts are provided on the allowance method based on historical experience and management evaluation of promises to give. Management has determined that no allowance for uncollectible accounts is deemed necessary as of December 31, 2020 and 2019.

Accounts Receivable

Accounts receivable are related to income earned from program services. Bad debts are provided on the allowance method based on historical experience and management evaluation of outstanding accounts receivable. It is the Organization's policy to charge off uncollectible accounts receivable when management determines that receivables will not be collected. Management has determined that no allowance for uncollectible accounts is deemed necessary as of December 31, 2020 and 2019.

Fair Value Measurement

Under generally accepted accounting principles, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date.

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Generally accepted accounting principles establish a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Organization. Unobservable inputs, if any, reflects the Organization's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access at measurement date. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Valuations based on significant inputs that are observable, either directly or indirectly or quoted prices in markets that are not active, that is, markets in which there are few transactions, the prices are not current or price quotations vary substantially either over time or among market makers.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed.

Investment Income and Gains

Investment income and gains restricted by donors are reported as increases in net assets without donor restrictions if the restrictions are met (that is when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

Property and Equipment and Intangible Assets

Property and equipment are stated at cost of acquisition or construction, or estimated fair market value if donated. The cost of maintenance and repairs is charged to expense as incurred. Depreciation is computed based on the straight-line method over the estimated useful lives of the assets. Equipment purchases of under \$5,000 are expensed as incurred.

Intangible assets include capitalized costs related to the design of the new corporate website.

The useful lives of the assets are estimated as follows:

Leasehold improvements	5 years
Furniture and equipment	3 to 5 years
Web design	3 years

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Income Taxes

Beneficent Technology, Inc. (Benetech) is a nonprofit corporation qualified under IRC code section 501(c)(3) and California R&T code section 23701(d) as such, it is exempt from federal income taxes. Benetech is not classified as a private foundation under IRC code section 509(a). Qualified nonprofit corporations are generally exempt from income tax. Bengineering, Inc. is a for-profit subsidiary of Beneficent Technology, Inc. During the years ended December 31, 2020 and 2019, Bengineering, Inc. did not have any significant activity and no taxable income for the year.

The Organization reviews and assesses tax positions taken or expected to be taken against more-likely-than-not recognition threshold and measurement attributes for financial statement recognition. The Organization's policy for evaluating uncertain tax positions is a two-step process. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more-likely-than-not that the position will be sustained upon audit, including resolution of related appeals or litigations processes, if any. The second step is to measure the tax benefit or liability as the largest amount that is more than 50% likely to be realized or incurred upon settlement. Management determined that the tax positions taken or expected to be taken had no material effect on the recorded tax assets and liabilities of the Organization. The Organization's federal and state income tax returns for the years 2016 through 2019 are subject to examination by regulatory agencies, generally for three years and four years after they are filed for federal and state, respectively.

Functional Expenses Allocation

The costs of providing program services and supporting services are summarized on a functional basis in the statements of activities and statements of functional expenses. Accordingly, certain costs are allocated among program services and supporting services.

Bid and Proposal

These costs include expenses associated with research for and preparation of bids, proposals and applications to secure funding from both federal and non-federal sources.

Subsequent Events

The Organization evaluated subsequent events for recognition and disclosure through May 18, 2021, the date these consolidated financial statements were available to be issued. Management concluded that no other material subsequent events have occurred since December 31, 2020, that requires recognition or disclosure in the consolidated financial statements.

NOTE 3 – CONTRIBUTIONS RECEIVABLE

Contributions receivable are summarized as follows:

	2020	2019
Unconditional promises to give due in:		
Less than one year	\$ 2,627,094	\$ 1,645,511
Between one year and five years	100,000	400,000
Total	<u>\$ 2,727,094</u>	<u>\$ 2,045,511</u>

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

NOTE 4 – ACCOUNTS RECEIVABLE

Accounts receivable are summarized as follows:

	2020	2019
Bookshare	\$ 229,745	\$ 246,545
Human Rights	1,956	105,000
Benetech Labs	-	65,000
Total	<u>\$ 231,701</u>	<u>\$ 416,545</u>

NOTE 5 – FAIR VALUE MEASUREMENTS

The following financial instruments are valued using Level 1 inputs:

	2020		2019	
	Cost	Quoted Prices in Active Markets for Identical Assets (Level 1)	Cost	Quoted Prices in Active Markets for Identical Assets (Level 1)
Money market ⁽¹⁾	\$ 472,966	\$ 472,966	\$ 611,499	\$ 611,499
Investments – mutual funds	\$ 377,543	\$ 377,543	\$ 376,498	\$ 376,498

- ⁽¹⁾ The amount is included in *cash and cash equivalents* in the accompanying consolidated statements of financial position. Included in the money market is an endowment fund received by Benetech (see Note 8). As of December 31, 2020, the endowment fund with original gift value of \$450,000, fair value of \$450,000, was reported as *endowment liability* in the accompanying consolidated statements of financial position.

NOTE 6 – PROPERTY AND EQUIPMENT

Property and equipment is summarized as follows:

	2020	2019
Leasehold improvements	\$ 103,202	\$ 103,202
Furniture and equipment	309,742	309,742
	412,944	412,944
Less: accumulated depreciation	(345,059)	(320,656)
Total property and equipment	<u>\$ 67,885</u>	<u>\$ 92,288</u>

Depreciation expense was \$24,403 and \$28,107 for the years ended December 31, 2020 and 2019, respectively.

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

NOTE 7 – INTANGIBLE ASSETS

The Organization capitalized costs relating to the design of Benetech's website during 2017. The costs that were capitalized included consulting (\$124,865), salaries (\$56,965), and benefits (\$19,704), for a total of \$201,534. Amortization is computed using the straight-line method for three years beginning on September 2017.

Intangible assets are summarized as follows:

	2020	2019
Web design	\$ 201,534	\$ 201,534
Less: accumulated amortization	(201,534)	(156,749)
Total intangible assets	\$ -	\$ 44,785

Amortization expense was \$44,785 and \$67,178 for the years ended December 31, 2020 and 2019, respectively.

NOTE 8 – ENDOWMENT LIABILITY

Benetech received an endowment fund of \$350,000 in March 2014 to support its programs for a term of five years. In 2017, Benetech received an additional endowment of \$100,000 with the same term as the original endowment fund. In 2019, the endowment was extended for another five years through April 1, 2024. Any income generated from the endowment fund will be used only for program expenses. The principal of the endowment fund shall never be used unless agreed upon in writing. The provider reserves the right to reassign the principal of the endowment fund, creating a liability, to any qualified charitable institution (1) upon the expiration of the term, (2) when the Organization ceases to exist or is no longer a qualified charitable organization, or (3) fails to maintain the scope, quantity, and quality of the Organization's programs. From time to time, the endowment fund may have a fair value less than the amount required to be maintained by the donor. As of December 31, 2020 and 2019, the endowment fund with original gift value of \$450,000, was reported as endowment liability in the accompanying consolidated statements of financial position.

NOTE 9 – LEASE COMMITMENTS

The Organization entered into two office lease agreements. The first lease, originally dated December 4, 2001, was amended on May 18, 2018 to reduce office space as well as extend the lease term to expire on September 30, 2023. The second lease, originally dated November 2012, was amended on July 19, 2018 to also extend the term to September 30, 2023.

Total payments due under the lease are amortized monthly over the life of the new lease using the straight-line method. Rental expense was \$582,953 and \$580,029 for the years ended December 31, 2020 and 2019, respectively. The difference between the recognition of rental expense under the straight-line method and actual cash payments is reflected as *deferred rent* in the accompanying consolidated statements of financial position and has a balance of \$73,887 and \$59,715 as of December 31, 2020 and 2019, respectively.

⁽¹⁾ Benetech reversed \$250,000 grant from the World Bank awarded in December 2019 but subsequently cancelled in June 2020.

⁽²⁾ Benetech reversed the \$86,781 unspent grant from Dignity Health awarded in 2018. The grant agreement expired in 2020 and any unspent grant was returned to Dignity Health.

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

NOTE 11 – PAYCHECK PROTECTION PROGRAM

On April 29, 2020, the Organization received loan proceeds of \$1,567,768 from a promissory note issued by City National Bank, under the Paycheck Protection Program (“PPP”) which was established under the CARES Act and is administered by the U.S. Small Business Administration. The term on the loan is two years and the annual interest rate is 1%. Payments of principal and interest are deferred for the first six months of the loan. Under the terms of the CARES Act, PPP loan recipients can apply for and be granted forgiveness for all or a portion of the loan proceeds for payroll costs, rent, and utility expenses and the maintenance of workforce and compensation levels with certain limitations. The Organization expects to meet the PPP’s eligibility criteria and has concluded that the PPP loan represents, in substance, a grant that is expected to be forgiven, and accordingly has accounted for the PPP loan as a conditional contribution. The PPP forgivable loan is considered to be conditioned upon certain requirements and incurring allowable qualified expenses.

The PPP loan has not been recognized as revenue as of December 31, 2020 because forgiveness of the loan is not yet assured. Although the Organization believes the occurrence of qualifying expenditures will result in such forgiveness, the expenditures are subject to review and/or audit under applicable administrative provisions governing the Paycheck Protection Program. Interest expense of \$10,566 was incurred in 2020 and included as interest payable as of December 31, 2020.

NOTE 12 – LIQUIDITY AND AVAILABILITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments and has various sources of liquidity at its disposal, including cash and cash equivalents, and highly liquid investments. The Organization receives significant contributions and promises to give restricted by donors which are generally not available for general expenditures. Financial assets sourced from programs which are ongoing, major and central to the Organization’s annual operations are considered available to meet cash needs for general expenditures. The Organization also has a \$250,000 line of credit for use in case of emergencies. The Organization has not needed to use this line of credit.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization strives to maintain liquid financial assets sufficient to cover between one to three months of payroll expenses. As of December 31, 2020 and 2019, financial assets available for general expenditures covered approximately four months and three months, respectively.

The following table reflects the Organization’s financial assets as of December 31, 2020 and 2019, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions. In addition to financial assets available to meet general expenditures over the next 12 months, the Organization anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

Financial assets available for general expenditures within one year of the balance sheet date are comprised of the following:

	2020	2019
Financial assets at end of year available within one year:		
Cash and cash equivalents	\$ 3,655,785	\$ 1,946,593
Contributions receivable	2,627,094	1,645,511
Accounts receivable	231,701	416,545
Investments	377,543	376,498
	<u>6,892,123</u>	<u>4,385,147</u>
Less financial assets not available for general expenditures:		
Cash subject to expenditure for specific purpose	(2,126,397)	(624,620)
Contributions receivable for specific purpose	(731,850)	(1,034,763)
Investments for specific purpose	(377,543)	(376,498)
Donor-restricted endowment	<u>(450,000)</u>	<u>(450,000)</u>
Financial assets available for general expenditures within one year	<u>\$ 3,206,333</u>	<u>\$ 1,899,266</u>

NOTE 13 – FUNCTIONAL ALLOCATION OF EXPENSES

The costs of program and supporting services activities have been summarized on a functional basis in the consolidated statements of activities. The consolidated statements of functional expenses present the natural classification detail of expenses by function. Certain categories of expenses are attributed to more than one program or supporting function that require consistent allocation on a reasonable basis. Expenses that are allocated include employee benefits and payroll taxes, outside services, facility and other office expenses, travel, communications, supplies, and miscellaneous expenses. These expenses have been allocated on the basis of salaries per function over total salaries of all functions.

NOTE 14 – GRANTS AND OTHER FEDERAL AWARDS

During the years ended December 31, 2020 and 2019, revenues received from government agencies through awards and grants representing 10% or more of the Organization's revenue consisted of the following amounts:

	2020	2019
U.S. Department of Education	<u>\$ 9,679,303</u>	<u>\$ 9,481,644</u>

Included in receivables as of December 31, 2020 and 2019 is approximately \$1,441,000 and \$-0- from this government agency, respectively.

The above amounts consist of two federal awards for both the years ended December 31, 2020 and 2019, and made up approximately 61% and 62%, respectively, of the Organization's total support and revenue. The award period for one of the federal awards from the U.S. Department of Education, DIAGRAM Center Plus, with 2020 expenditures totaling \$930,414 and remaining award budget amounting to \$318,068, has an award period that expired on August 31, 2020. The award period extended to August 31, 2021. A schedule of expenditures of federal awards is included as part of these consolidated financial statements.

BENEFICENT TECHNOLOGY, INC. AND BENGINEERING, INC. DBA BENETECH

(A California Nonprofit Public Benefit Corporation)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

NOTE 15 – LINE OF CREDIT

In March 2016, the Organization had a \$250,000 unsecured line of credit with Avidbank with an expiry date of March 3, 2018. The line of credit was renewed on February 15, 2018 and expired on March 3, 2020. There were no advances drawn during 2020 and 2019.

In September 2019, the Organization had a \$250,000 unsecured line of credit with City National Bank with an expiry date of September 6, 2020. The line of credit was renewed on October 15, 2020 and expires on September 6, 2021. There were no advances drawn during 2020 and 2019.

NOTE 16 – RETIREMENT PLAN

The Organization maintains a 401(k) defined contribution plan. Eligible employees can defer up to \$26,000 and \$25,000 for participants over the age of 50 years for 2020 and 2019, respectively. The Organization matches 50% of employee contributions up to a maximum of 2% of the employees' gross salary. Employer contributions were \$131,238 and \$122,645 for 2020 and 2019, respectively.

NOTE 17 – COMMITMENTS AND CONTINGENCIES AND OTHER MATTERS

The Organization is involved in operating and maintaining a website to deliver electronic books online to individuals with disabilities using its Bookshare Program. Many of these books are under copyright, so that the program is operated in a manner that complies with Section 121 of the U.S. Copyright Act, which entails delivering the materials in specialized formats exclusively to individuals served who qualify as blind or print disabled. Management worked closely with other organizations for the blind and with the Association of American Publishers in developing the Bookshare system. In the process, considerable legal resources were devoted to ensuring compliance with the law, for which reason management is satisfied that there is little risk of any copyright infringement claims by copyright owners. Since establishment of the system, an increasing number of authors and publishers have volunteered the use of their books for the system, reducing the probability that any claims will occur.

The Organization works with schools and school districts to make Bookshare available to students in kindergarten through 12th grade. Some states have recently enacted, or are in the process of enacting, new laws concerning student privacy that may apply to the Bookshare Program. The Organization is working with outside counsel to analyze and respond to these new laws. Because of the nature of the services that the Organization provides, and because the laws are still in the process of being implemented, management is satisfied that there is little risk of any legal claims under these new laws.

The Organization is involved in providing technology tools (software) to assist the international human rights sector in collecting, safeguarding, organizing and disseminating information about human rights violations. Because of a concern over potential litigation about the security of information that may be collected and stored by users of these tools, the Organization utilizes multiple servers at various locations to store information collected. The redundancy of utilizing multiple servers provides additional safeguards against data loss. Management has determined that due to the low probability of actual legal liability and the inability to estimate any future potential liabilities, no loss reserve at year end has been accrued.

The emergence and spread of the coronavirus (COVID-19) during the first quarter of 2020 has affected businesses and economic activities in the U.S. and beyond. The extent of the impact of COVID-19 on the Organization's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, the effects on residents, supply chains, service providers, business partners, and changes in business practices, and all of which are uncertain and cannot be determined at this time.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED DECEMBER 31, 2020

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activities of Beneficent Technology, Inc. and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of the consolidated financial statements. The purpose of the Schedule is to present a summary of those activities of Beneficent Technology, Inc. for the year ended December 31, 2020, which have been financed by the U.S. Government. For purposes of the Schedule, federal awards include all federal assistance entered into directly and indirectly between Beneficent Technology, Inc. and the federal government. Beneficent Technology, Inc. did not elect to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 – DESCRIPTION OF MAJOR PROGRAM

Special Education – Education Technology, Media, and Materials for Individuals with Disabilities Grant Program

The Special Education – Education Technology, Media, and Materials for Individuals with Disabilities Grant program is administered by the U.S. Department of Education. The purpose of this program is to: (1) improve results for children with disabilities by promoting the development, demonstration, and use of technology; (2) support educational media services activities designed to be of value in the classroom setting to children with disabilities; and (3) provide support for captioning and video description that is appropriate for use in the classroom setting. Funding to Beneficent Technology, Inc. is provided directly from U.S. Department of Education.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to consolidated financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Beneficent Technology, Inc., which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated May 18, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Beneficent Technology, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Beneficent Technology, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Beneficent Technology, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Beneficent Technology, Inc.'s consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Beneficent Technology, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Beneficent Technology, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Report on Compliance for Each Major Federal Program

We have audited Beneficent Technology, Inc.'s compliance, with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Beneficent Technology, Inc.'s major federal program for the year ended December 31, 2020. Beneficent Technology, Inc.'s major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Beneficent Technology, Inc.'s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Beneficent Technology, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for major federal program. However, our audit does not provide a legal determination on Beneficent Technology, Inc.'s compliance.

Opinion on Major Federal Program

In our opinion, Beneficent Technology, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of Beneficent Technology, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Beneficent Technology, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Beneficent Technology, Inc.'s internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
